Mr D E - WF2

Bathroom & ensuite refurbishment and other house projects

I can't rate Martin and his contact team highly enough. Thoroughly professional and the finish quality is second to none. We've had a complete re-fit of our en-suite and bathroom. To assist, Martin even went with us to Victorian Bathrooms in Ossett to pick out the items we needed. Got a great discount through him there too! Some problems with our central heating (post fix) were attended to by Martin, again in his own time. Nothing was too much trouble. We're having one of the team (Stewart) back to hang a couple of new doors and fit a new kitchen sink. There's not a lot these guys can't tackle! Timetables were adhered to and there weren't any nasty surprises when the bill came either. You'd be mad not to get a quote from Haywood Developments.

Bathroom and Ensuite

We are very impressed

Bathroom

My bathroom looks excellent and all trades people were reliable, skilled and trustworthy. The bill ended up higher than I expected (mainly due to unanticipated extra work and I changed the spec slightly a couple of times). I would recommend.

Bathroom and En suite

In making assessment, it is very dependent on your level of expectation. I expected a high quality job and that's what they delivered. They were reliable, turned up on time, and finished the project on time. Quality of work is good. Few hiccups along the way, as to be expected in any project, but they sorted them all out."

Downstairs cloakroom

All members of this team were extremely efficient and thorough. All work carried out with minimum disruption and in an unobtrusive way. I wouldn't hesitate to ask them to carry out any further project

Bathroom and ensuite

The fitter and tiler did an excellent job of fitting out the ensuite and refitting the bathroom (with a new layout). The work was completed in good time, the site was left clean and tidy, communication was good and the finish is excellent. I would recommend them for this type of work.

Haywood Developments are an excellent company to deal with. They provided a quote quickly, turned up when they were supposed to and made sure that our requirements and ideas were implemented throughout. They were flexible when Bathstore shafted my delivery, and the finish on the job is first class. The quote provided was competitive although not the cheapest, but after the initial visit from Martin I felt confident that they would do a good job at a fair price. I am glad that we chose Haywood Developments and would heartily recommend them to anyone. Thank you Martin & Kathryn, our new bathroom is fantastic.
